Note and Comment

The Game Act of Alberta has been revised and the following changes made: A close season on antelope until Oct. 1st, 1925.

Wild geese are now protected like wild ducks, the open season being 1st Sept. to 15th Dec.

The shooting of swans and cranes is now prohibited at all times.

The shooting of prairie chicken, (sharp-tailed grouse, pin-tailed grouse), partridge (ruffed-grouse) is prohibited until the 1st of October, 1918.

All shore birds are now protected, there being no open season therefore, except for Black-bellied Plover, American Golden Plover, Wilson Snipe and Yellow Legs, the open season for these birds being the same as for ducks and geese, i. e. from 1st Sept. to 15th December.

The grasshopper in the fable gudded about all summer, and in the winter the high cost of living got him. The ant got out in the hot sun and worked, and when winter came he had a supply of potatoes in his cellar and an assortment of preserves on his pantry shelf.

A man can show far more patriotism by working at the end of a hoe, than he can by waving a flag.

"Public notice is given that the following by-law, copies of which may be seen at the Post Office, Printing office and at the Jail, and further that unless within 30 days of the publication of this notice at least 10 resident electors of the village petition the council to submit such by-law to a vote of the resident electors of the village the council will proceed to pass same.

Village of Monitor

BY-LAW NO. 19

A By-Law of the Village of Monitor, to Restrain and Regulate the Running at Large or Trespassing of Animals.

The Council of the Village of Monitor enacts as follows:

In this By-Law, unless the context otherwise requires:

(a) "Animal" means any head of cattle, horse, sheep, goat, swine or poultry;

(b) "Cattle" means any bull, cow, or heifer, steer or calf.

(c) "Horse" means any horse, mare, gelding, colt, filly, ass or mule.

(d) "Sheep" means any ram, ewe, wether or lamb.

(e) "At large" means without being under the control of the owner or possessor, either by being securely tethered or under direct or continual charge of a herder or by confinement within any building, fence or other enclosure.

2. It shall not be lawful to allow the following animals to run at large at any time of the year within the limits of the Village of Monitor:

Horses, Cattle, Sheep or Swine.

3. It shall not be lawful to allow any geese or poultry to run at large within the limits of the said Village from the 1st day of May to the 15th day of September, both inclusive, in each year.

4. Except as prescribed or restricted by law or by this by-law or by-laws of the Village, it shall be lawful for animals to run at large within said Village and no person shall be liable to an action for trespass in respect of any animal at large under the provisions of this by-law, unless the lands or premises trespassed upon are enclosed by a lawful fence.

5. Any animal found at large or trespassing upon any lands or premises enclosed by a lawful fence, contrary to the provisions of this by-law, shall be liable to be impounded and sold according to the damages, expenses and fees be sooner paid.

6. Nothing in this by-law shall prevent any person from waiving his rights under this by-law and taking action to recover compensation in any court of competent jurisdiction from any person owning or having the custody of any animal through which damage has been caused, contrary to the provisions of this by-law.

7. There shall be established in the Village a public pound or pounds with a poundkeeper for each whose remuneration shall be such fees and charges as he shall be entitled to under the provisions of this by-law.

8. The said pound shall be for the impounding of animals at large or trespassing contrary to the provisions of this or any other by-law of the Village, which said impounding may be done by any person other than the poundkeeper.

9. Whenever any animal is impounded it shall be the duty of the poundkeeper to retain same until the owner or owners thereof shall have paid the fees and damages, if any, claimed for the trespass.

10. Whenever any animal has been confined or detained by any person under the provisions of this by-law for the purpose of impounding the same, if the owner of the animal or some person in his behalf pays or tenders to the person seizing or having charge of such animal before the same has been actually impounded, the charge for which the said animal has then become liable, under this by-law, the person having charge of such animal shall forthwith deliver up the same to the owner or to the person tendering the said charges on his behalf.

11. Nothing contained in this by-law shall deprive the owner of any animal impounded of any action, remedy or right that he may have at common law or otherwise, by reason of the same being unlawfully seized, detained or impounded.

12. Any person who leaves open any gate or lets down any bars or makes a gap in any fence for the purpose of permitting any animal to trespass, or who otherwise causes any animal to trespass, shall be guilty of an infraction of this by-law.

13. Any person claiming any damage for trespass by any animal impounded may, at the time of impounding of such animal, deliver to the poundkeeper a statement in writing, showing the nature and amount of his demand, and any person failing to deliver such statement at such time shall have no recourse to the provisions of this by-law as to the collection of damages.

(b) Upon the receipt of such statement the poundkeeper shall, if the owner of the animal be unknown to him, apply to the Reeve or to any of the Councillors of the Village, or to the nearest justice of the peace, who is hereby authorized and required to summon three disinterested persons of the Village as appraisers such three appraisers or any two of them shall, within twenty-four hours after being summoned as aforesaid, view the ground on which the animal or animals were found doing the damage and appraise the damage committed, and the determination of a majority

of the said appraisers shall be conclusive as to such claim and the amount thereof, and they shall within twenty-four hours after having made the view give in writing to the poundkeeper a statement of the amount of the damages assessed by them and said amount shall be the amount to be collected from the owner or to be retained by the poundkeeper from the sale of the animal or animals as appraised damages.

14. If the owner of any impounded animal is known to the poundkeeper, as the owner of such animal, the poundkeeper shall forthwith deliver at or mail by registered post to the address of such owner a notice in the following form:

"Notice is hereby given that (description of animal impounded giving registered brand, if any, marks and points) was impounded in the pound kept by the undersigned on the (description of place where pound is kept) on the... day of... A.D. 19... Given under my hand at... this... day of... A.D. 19... (Signature of Poundkeeper)

To... (If a claim for damages shall have been made the poundkeeper shall embody in the said notice the following or to the like effect): "Notice is also given that a claim for damages to the amount of... has been made by... and that if you wish to have this claim appraised you are required, within 3 days from the receipt of this notice, to notify me to that effect, otherwise the claim will be taken to be admitted."

(If the owner shall, within 3 days from the receipt of this notice, inform the poundkeeper of his desire to have appraisers appointed, the poundkeeper shall forthwith apply for the appointment of appraisers as in section 13 hereof and thereafter under the provisions of section 13, as to appointment, view and award, shall govern.)

The appraisers shall be allowed the fees set out in sections 13 hereof. If the amount of the appraised damages equals or exceeds the amount claimed by the claimant then the amount of the appraisers' fees shall be paid by the owner or retained from the proceeds of the sale of the animal or animals, but if the assessed damages shall be less than the amount claimed by the claimant then the appraisers' fees shall be paid by the claimant or retained out of the amount due him as appraised damages.)

(2) If the owner shall not within 3 days from the receipt of the notice that a claim of damages has been made, inform the poundkeeper of his desire to have appraisers appointed, the claim and the amount thereof will be taken to be admitted, and therefore shall be treated as appraised damages.

(3) In case such owner is not known or such owner or person notified shall not within 10 days after the posting or delivery of the notice referred to in subsection (1) hereof appear at the pound and release the animal so impounded by the payment of the appraised claim for damages, the poundkeeper's fees and mileage and allowance, and the appraisers' fees, where the same are due under this by-law, the poundkeeper shall cause to be inserted once each week for two consecutive weeks in some newspaper circulated in the village a notice in the following form:

"Notice is hereby given that (description of animal impounded giving registered brand, if any, marks and points) was impounded in the pound kept by the undersigned on (description of place where pound is located) the day of... A.D. 19... Given under my hand at... this... day of... A.D. 19... Signature of Poundkeeper.

(4) Every poundkeeper shall, without charge, in addition to any copies of any notice which he may be required to post or deliver, post a copy of every such notice in a conspicuous place at his pound and in the nearest post office, and shall keep and maintain such notices in place during the whole of such time such notice may refer to.

15. If any poundkeeper impounds or assists, or invites, or employs any person to impound any animal in the village, unless such animal was an stray or was trespassing upon the poundkeeper's own land, he shall in addition to any civil liability which he may incur by reason thereof be guilty of an offence and liable to summary conviction to a penalty not exceeding \$100.

(2) Every poundkeeper shall keep the pound to which he is appointed, clean and in good repair and shall supply the animals impounded therein with sufficient and wholesome sustenance, and provide for them such shelter as is commonly provided at the time for animals of similar age and class in the vicinity, and the Poundkeeper may send such animals out of his Pound at fit times and to fit places for grazing and watering and every Poundkeeper shall be

responsible to the owner of any impounded animal for all loss or damages occasioned by any act or negligence of himself or his agent. An open wire corral shall in no case be regarded as a suitable Pound.

16. When any animal shall not have been released from the Pound within 20 days after the notice has been inserted for the last time in a newspaper, as herein provided, the said animal shall be sold by Public Auction after notice of such sale has been posted for 8 days in 3 conspicuous places within the village, one of which shall be the Post-office nearest the Pound, and at such sale the Poundkeeper shall be the auctioneer. The sale shall be held at the Pound or at such other place as may be designated by law of the village and shall commence at the hour of two o'clock in the afternoon. The Poundkeeper shall not, either in person or by his agent, purchase any animal at such sale or have any interest of any kind in any animal so purchased.

(2) No Poundkeeper making a sale under the provisions of this by-law shall be liable to a penalty for selling without a license as an auctioneer.

17. If more than one animal is impounded and the owner thereof is known the Poundkeeper shall sell only sufficient of such animals to satisfy the claims for damages, expenses and fees chargeable against the animals and the owner of the animals shall be entitled to those remaining unsold.

(2) If the owner is unknown all the animals shall be sold.

(3) The Poundkeeper shall, immediately after such sale, send to the treasurer a description of the animal or animals sold at such sale, the amount realized and the disposition thereof.

18. The proceeds of the sale of any impounded animal sold under the provisions of this by-law shall be applicable in payment—

[a] Of any costs and charges attending such sale; [b] Of all sustenance fees; [c] To the impounder of such animal the amount due him for capturing and impounding the same; to the claimant for damages done; and of appraisers' fees, if the same shall be due under the provisions of this by-law; and the residue, if any, shall be paid to the owner of such animal, or if not claimed at the time of sale by any person entitled thereto, to the treasurer of the village.

19. Any money received by the treasurer under the provisions of the next preceding subsection shall be paid to the owner of the animal sold on evidence satisfactory to the council being furnished as to the applicants title thereto and application thereof being made to the council within 12 months from the date of the sale, otherwise such money shall form part of the general revenue fund of the village.

19. The following shall be the tariff of the Poundkeeper's fees in accordance with the provisions of the Act: For each jack or stallion; or each bull, 50c. For each other animal, 25c. Provided that the total Poundkeeper's fees, not including commission on sales, shall not exceed \$10 and disbursements for advertising.

For posting notices, each such notice to include all such animals impounded at one distress, ... 1.00. For notice in newspaper, actual cost. For selling impounded animal as directed by by-law, 2½% commission on the amount realized on the sale. For attending for summing up and serving same on appraisers, 25c. each and 10c per mile one way for each mile necessarily travelled.

(3) To the Poundkeeper for the care and sustenance of each animal for each day or portion of a day. For each stallion or jack \$1.00. For each bull, 50c. For each other animal 25c.

c. To the owner or tenant of any land in the village for capturing and impounding a stallion or bull of 1 year old or upward at large contrary to this by-law, \$5, and on receiving settlement or realizing from the sale such amount shall be paid over by the Poundkeeper to the person entitled.

2 Such fees and no others shall be payable for such purposes.

3 Nothing contained in this by-law shall deprive the owner of any animal impounded of any action, remedy or right that he might have at common law or otherwise by reason of said animal being unlawfully impounded.

20. The provisions of The Stray Animals, The Entire Animals Ordinance, The Herd Ordinance and The Pound District Ordinance shall cease to be operative with this by-law passed by the council in pursuance of the powers conferred upon it by The Village Act.

21. Any person or persons found guilty of a breach of this by-law shall, upon summary conviction, forfeit and pay a penalty not exceeding \$100 and costs for every offence, and in default of payment it shall be lawful for the justice so convicting to sentence the offender or offenders to imprisonment in the nearest common goal, with or without hard labor, for a period not exceeding 60 days, unless the said penalty and costs, including the costs of counsel, be sooner paid.

22. All fines imposed for the violation of this by-law shall be paid over to the Treasurer of the Village for the benefit of the same.

Done and passed in council assembled at the Village of Monitor this 18th day of April A. D. 1917.

British Bull Dog American Mascot

The "Teddy Bear" has come and gone. From watch chains and fobs there dangles no longer, as in years gone by, the little grizzly growler. A more tenacious and pugacious animal has now been chosen as a "mascot" by our friends across the 43rd parallel. In a number of cities of the United States the "Teddy Bear" has been replaced by the "British Bull Dog," a faithful friend, but a fearless foe. Small "bills" in gold, silver, glass or composition now ornament the fobs, watch chains or neck labels of the children of Uncle Sam and in shop windows and on the stalls of the street vendors the "British Bull Dog" grins at the passers-by and reminds them again and again that "What he has he'll hold."

Gin Pills

FOR THE KIDNEYS

Perhaps Your KIDNEYS

are out of order. Make the doctor test. Examine your urine. It should be a light straw color. If it is highly colored, reddish or depraved—if the odor is strong or unusual—if "brick dust" or much is passed in the kidneys. They are out of order. Get GIN PILLS at once, and take them regularly. Rheumatism, Sciatica, Lumbago, pain in the back, groin or hips—all point to weakness in the kidney or bladder action, and the pressing necessity for GIN PILLS. Gin Pills are worth their weight in gold because they drive these pains clean out of the system. They only cost 50 cents a box, with the absolute guarantee of satisfaction or your money back. The Lives it is Costing

For the past two months the British forces, fighting on a front of less than sixty miles, have lost on an average 2,200 men a day. What, then, are the daily losses of Germany on a thousand miles of front, along which actions are continuous? There can be nothing clearer than that the losses admitted by Germany, which amount to two and a half million men, are only about 60 per cent. of the actual losses. No wonder the German people are "praying for peace" as one of their first-class journalists, Max Hardon, now admits.—Toronto Mail and Empire.

The Farmer

He is the Man Who Has the Final Say in the Feeding of the Nation

I do not want to deal with this subject more than in a passing way, but I would like to point out, gentlemen, that after all, whatever you may do for agriculture, there must still be much of loneliness and isolation and tragedy for the man who tills the soil in a country like this of Canada. No great success, or permanent success, of course, can be reached without knowledge of the basic facts which underlie what one might call the scientific side of agriculture. The man who is happy in his task, can take a keen delight in it, or make a great success of it, must be able to link his efforts with the great forces of nature that contribute to the success that he otherwise could not achieve. The farmer, after all, stands for the necessities. In the great household of nature, the farmer stands at the door of the broad room, and weighs to each man his loaf. He has the final say in this thing.—Hon. Martin Burritt, before the Ottawa Canadian Club.

Revive the Jaded Condition.—When energy flags and the cares of business become irksome; when the whole system is out of sorts and there is general depression, try Parmed's Vegetable Pills. They will regulate the action of a deranged stomach and a disordered liver, and make you feel like a new man. No one need suffer a day from debilitated digestion when so simple and effective a plan can be got at any drug store.

Explained.—"What little boy," the Sunday school teacher persuasively remarked, "can tell me the difference between the 'quint' and the 'dead'?" "I can, Miss Mary," exclaimed a small boy named Tommy, excitedly wriggling his hand. "All right, Tommy," responded the teacher. "You may tell the class." "No, quick," was the triumphant deliver of Tommy. "Is them what hops out of the way of automobiles; them that don't is 'dead'."

Minard's Liniment Co. Limited. Gentlemen.—In July, 1915, I was thrown from a road machine, injuring my hip and back badly and was obliged to use a crutch for 14 months. In Sept., 1906, Mr. Wm. OUTRAGE of Lachute urged me to try MINARD'S LINIMENT, which I did. It was the most satisfactory result and today I am as well as ever in my life.

Yours sincerely, his
MATTHEW X. BAINES, mark.

Target Practice on Mt. Calvary

War respects places a little as person is proved anew by the apparently trustworthy report from the Holy Land of target practice on Golgotha or Calvary by the Turks. Years ago not a few persons resented the railway from Jaffa to Jerusalem as a commercial intrusion on regions of sacred association; but what is to be said when the walls of the Church of the Holy Sepulchre are used for the concussion of high explosives?

When the Kaiser made his now famous pilgrimage in 1898, and left a statue of himself in the likeness of a Crusader on the Mount of Olives, it was not expected that after a few years in the "ray of peace" the alliance of Ghouls and Moslems would give the Turks license for gun play amid the treasured relics of the life of Christ on earth.

Fixing Food Prices in Russian Capital. The minister of the interior has drafted specific measures to combat the abnormal prices of foodstuffs in Petrograd. They will be carried into effect shortly.

The main object is to insure the convenience of foodstuffs to the capital. In such abundance it is to obviate the necessity of compelling purchasers to await their turn to buy small quantities.

First War Pan.—Well, what are the Russians doing?
Second War Pan.—Well, they put the car in the box and shifted the Grand Duke to right field.

Mount Robson

We are asked to say after whom Mount Robson is named. No positive answer can be made to this, except that it was not named after the late John Robson, at one time premier of this province. It bore the name long before Mr. Robson entered public life. The best information available, so Mr. Fleet Robertson tells us, as the result of his investigation, is to the effect that it was named after an employee of the old Northwest company. We shall be very glad to hear from any readers who can throw any light upon the question.—Victoria Colonist.

Minard's Liniment Cures Garget in Cows.

Among the passengers on a train on a one-track road in the middle west was a tinker, Jewellery diamond. Presently the train stopped to take on water, and the conductor neglected to send back a flagman. An express came along, and before it could be stopped, bumped the rear end of the first train. The drummer was lifted from his seat and pitched head first into the seat ahead. His silk hat was jammed clear down over his ears. He picked himself up and settled back in his seat. No harm was done, but he drew a long breath, straightened up, and said: "Well, they didn't get by us, anyway."

THE SECRET OF A GOOD COMPLEXION

Did it ever occur to you that there is a reason for your sallow complexion, pimples, blackheads and other skin blemishes? Your skin, when healthy, has to excrete 17 per cent. of the waste matter of the body. If the pores become clogged, this poisonous waste is imprisoned and skin troubles follow. To rid yourself of these troubles, the skin must be cured of its sluggishness. This is just what Zam-Buk does. Zam-Buk is composed of stimulating and healing elements, which penetrate the skin and enable it to expel the accumulated poisonous waste matter. A clear, healthy complexion is your reward. The folly of endeavoring to cover up skin disfigurements with powders and other cosmetics is quite apparent. Use Zam-Buk; remove the root cause of the trouble, and enjoy a good complexion without resorting to artificial means. Apply Zam-Buk at night when retiring, and wash with Zam-Buk soap.

Britain Will Brand the Fit and Unfit

A unique and picturesque scheme for labelling by means of kiakl brands bearing the royal crown those fit and unfit for military service was announced by the war office. Armlets which are now being prepared will be distributed as follows: First, to the men who enlist and are placed in groups waiting the call to join the colors; second, to men who enter themselves for military service and are found physically unfit; third, to those who are invalided out of the service as unhandy or incapable of service to become efficient again. The armlets of each class will have a distinctive mark.

On Sale Everywhere.—There may be country merchants who do not keep Dr. Thomas' Eclectic Oil, though they are few and far between, and these may suggest that some other oil is just as good. There is nothing so good as a liniment or as an internal medicine as Eclectic Oil. Take no other. The demand for it shows that it is the only popular oil.

An old Irish countrywoman, going to Dublin by train, stepped into the first class carriage with her basket and made herself comfortable. Just before the train started the guard passed along, and, noticing the woman and the basket, said gruffly:

"Are you first class, my good woman?"
"Sure I am, and thank you," she replied with a smile. "And how do you feel yourself?"

Best Liniment of All Destroys Every Pain But Never Burns

"How thankful we are to get hold of such a Nerviline," writes Mrs. E. P. Lamontagne from her home near Westkivik, Alberta. "In this far-away section, far from a doctor or a druggist, every family needs a good supply of liniment. Nerviline is the best of all. It destroys every pain, but never burns. We use Nerviline in a score of ways. If it's rheumatism, aching back, pain in the side, sciatica or stiff neck—you can laugh at them if you have lots of Nerviline handy. For earache, toothache or cramps, it does away with anything could remove quickly. For a general all-round pain remedy I can think of nothing more valuable and, speedily to cure than Nerviline."

The above letter is convincing—it tells how reliable and trusty this old-time remedy is. Nerviline has been a household word in Canada. Scarcely a home in Canada you can find without Nerviline. Every community has its living examples of the wonderful curative properties of Nerviline which will cure pains and aches anywhere in the joints or muscles. It's penetrating, soothing, warming and safe for young and old to use. Get the large 50c family size bottle. It's the most economical. Small trial size 25c at any dealer's, anywhere.

Forest Fires on H.B. Railway

Large Areas Burned Over With Great Loss of Timber and Supplies

Large areas of forest have been destroyed this year by fires which have occurred along the Hudson Bay Railway, under construction for the Dominion government between Le Pas and Port Nelson, Manitoba. It is estimated that the burned area will total not less than 500,000 acres, causing a destruction of forest values amounting to \$250,000, in addition to a heavy loss of game and fur-bearing animals. In some cases, considerable quantities of supplies belonging to railway contractors were also destroyed.

The country which the railway traverses contains considerable jack pine, spruce, black spruce and birch, averaging from 4 to 20 inches at the butt, along the rivers, creeks and lakes and also on the islands. All the high land has a fairly good average stand of timber, chiefly a reproduction from previous fires, which probably occurred about forty years ago. In the muskeg, the timber is, of course, stunted, on account of lack of drainage.

An attempt to protect this section has been made by the Dominion forestry branch, through the appointment of fireguards, but their efforts have been only partially effective owing to the defective condition of the fire-protective appliances on the railway engines, as well as to the carelessness or negligence of sub-contractors and of unemployed laborers camping along the railway line.

The Hudson Bay Railway is not subject to the jurisdiction of the railway commission, but is under the direct control of the department of railways and canals.

The suggestion is now made that King David was the inventor of an alphabet. It is thought that the king collaborated with Seraiah, the scribe, in perfecting this greatest invention of the ages. There was much writing done in Palestine centuries before David's birth, but the alphabet of the Babylonian script, which was pictorial, much like the Chinese.

The cheapness of Mother Graves' Worm Exterminator puts it within reach of all, and it can be got at any druggist's.

A special preacher, about to ascend the pulpit in a country church, was asked if he would like any special hymn to be sung to agree with his sermon.

"No, no," he replied; "as a matter of fact, I hardly know what I'm going to say until I am in the pulpit. 'Oh, well, in that case,' said the vicar, 'we had better have the hymn, 'For Those at Sea.'"

Then you probably know how much he left. Would you mind telling me? "Not at all," the lawyer answered, as he resumed his writing. "He left everything he had."

CREAM IS MONEY

Butterfat is the most profitable thing your farm produces. It is worth from \$600 to \$700 per ton.

You would not think of skimming your cream and then putting a large part of it back into the milk to be fed to your calves and hogs.

De Laval Separator will remove ALL the Butterfat from your milk, and give you \$10 to \$20 more profit each year for every cow you milk. It will also give fresh, warm, sweet skim milk, the kind to feed your calves and hogs.

Tell us that you would like to see and try a New De Laval and we will bring one out to your farm.

You need not buy it unless you decide, after using it for several days, that its purchase will be a profitable investment for you.
